Thursday 5th April
afternoon — Arawak and Isolate / Unclassified language

13:30 Welcome to participants: Francesc QUEIXALÓS, CELIA director
Antoine GUILLAUME

14:00 Françoise ROSE (CELIA-CNRS/IRD, Paris)
“Agreement in Mojeño Trinitario: specifying or not who the 3rd person is.”

15:30 Swintha DANIELSEN (MPI Nijmegen, The Netherlands)
“Argument marking in Baure”

17:00 Jeanette SAKEL (University of Manchester, UK)
“Mosetén and Chimane argument coding”

friday 6th April
morning — Isolates / Unclassified languages

9:30 Mily CREVELS (Radboud University Nijmegen, The Netherlands)
“The indexability hierarchy and voice in Itonama”

11:00 Katharina HAUDE (University of Cologne, Germany)
“Argument coding and alignment in Movima”
afternoon — Tacanan languages

14:00  Marine VUILLEMET (DDL-CNRS/University Lyon 2)
       “Double Object Constructions and -ka Suffix: Two Special Features of Ese Ejja”

15:30  Carola EMKOW (University of Berlin)
       “Grammatical relations in Araona”

17:00  Antoine GUILLAUME (DDL-CNRS/University Lyon 2)
       “Interpreting person marking in Reyesano”

Saturday 7th April

morning — Isolate / Unclassified language and Tupi-Guarani languages

9:30  Rik van GIJN (MPI Nijmegen, The Netherlands)
       “The case of non-canonically marked subjects in Yurakaré”

11:00  Östen DAHL (University of Stockholm, Sweden)
       “Argument coding in Sirionó”

afternoon — Panoan languages

14:00  Oliver Iggesen (RCLT, La Trobe University, Australia)
       “Case-marking in Chacobo: Alignment splits, a suprasegmental marker, and how tone sandhi messes it all up”

15:30  Discussion: planning for future events, collective publication, etc.
